Fostering Multi-Lateral Knowledge Networks of Transdisciplinary Studies to Tackle Global Challenges

Wider Objective
The establishment of transdisciplinary platforms to address issues of migration, inequality and environment related to Southeast Asia (SEA).

Aims
1. Development and application of transdisciplinary teaching methodologies and learning material.
2. Establishment of innovative cooperation networks between and among academic and non-academic actors.
3. Facilitation of institutional and human resource potentials of the participating Higher Education Institutions.

Facts
Programme: ERASMUS +
Key Action: Cooperation for Innovation and the Exchange of good practices
Action Type: Capacity Building in Higher Education
